

## Winman TDS

### New feature

#### Improvements

Minor improvements are made in the software.

#### New Feature - Previous Release

##### **New FVU 7.4** (as on 05-Jan-22)

NSDL has released the [new version of TDS File Validation Utility \(7.4\)](#) which is applicable from 05-Jan-22. Accordingly, the software is updated with necessary changes.

##### **Key changes:**

In case of Form 26Q, 27Q and 27EQ, if '[Reason for Lower/Higher Deduction](#)' is selected as '[Non-filers of IT return - 206AB](#)' or '[Non-filers of IT return - 206CCA](#)' in Original return, editing of certain fields such as [Tax](#) , [Rate](#) and [Reason for lower/higher deduction or collection](#) is not allowed in Revised return. In such cases, block message is given in the software.
